User Reactions Survey

Virginia Tech Computer Science Department and Center for Human-Computer Interaction

Now that you have completed the VSF tasks, we would like to know some of your reactions, both in general, and to specific features of the system.

Name: ________________________________________

What three things did you like most about the VSF? Why?
1. ____________________________________________
2. ____________________________________________
3. ____________________________________________

What three things did you like least about the VSF? Why?
1. ____________________________________________
2. ____________________________________________
3. ____________________________________________

If the VSF was made available to you, would you use it or not? ○ Yes ○ No
Why? ___________________________________________________________________________________

Please respond to the following 10 items by circling the opinion that best corresponds to your own.

1. Browsing an online science exhibit is like visiting a science fair in the real world.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

2. Online science exhibits are diverse and of interest to a wide range of visitors.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

3. There are many opportunities for me to become involved in students’ science projects.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

4. I am aware of other visitors’ locations and activities while in the VSF.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

5. Movement from one location in the VSF to another is awkward.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

6. It is easy and natural to join other visitors at an exhibit.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

7. Experimenting with exhibit components (e.g. spreadsheets) is fun and enlightening.
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree

8. Chatting with multiple visitors at the same time is confusing
   Strongly Disagree Disagree Neutral Agree
   Strongly Agree
